August To-Do-List for
Cameron County Yards and Gardens

Time to plant:

Flowers: night and day purslane, moss rose, vinca, Ice plant, Joseph’s coat, salvia, Mexican heather, Katie ruellia, gerbera daisy, dusty miller, gazania, coreopsis, caladium, coleus, celosia.

Trees: Plant container grown trees only! But if must buy trees with root balls wrapped in burlap, make sure the tree is green and healthy.

Natives: Live oak, ebony, huisache, retama, brazil, mesquite, wild Olive, la comia, Texas Sabal Palm

Non-native: crepe myrtle. Chinese fan palm, Mediterranean fan palm, Cocus plumosa palm, Sago palm, Mexican fan palm, California fan palm.

Shrubs: Natives manzanita (barbados cherry), lantana, hachinal, coral bean, yucca, butterfly bush (buddleia), wild petunia (ruellia), chilipiquin, dwarf-yaupon holly, cenizo, salvias, Turk’s cap.

Non-native bougainvillea, plumbago, hibiscus, butterfly weed, cape honeysuckle, pittosporum, viburnum.

Note: most of these shrubs, especially the native shrubs, attract butterflies and hummingbirds to your garden.

Vegetables: Sweet corn, okra, eggplant, peppers, pumpkin, tomatoes (give tomatoes afternoon shade).

Herbs: Lemon grass, mint, sage, tansy, yarrow, basil, Mexican mint marigold (tarragon).

Remember:

- Lookout for grubs in your garden and lawn; use a granular insecticide, like Dursban for control.

- August is the time for the appearance of whiteflies, especially after cotton harvest, use insecticidal soap spray on top and under leaves for control.

- When planting trees, shrubs, flowers and herbs use mulch around the base of the plant to conserve moisture.
- Water recently planted materials once or twice a week and water deeply.

- Keep all flower beds and vegetable garden areas free of weeds so they don’t compete with your plants for moisture and nutrients.

- Add 1 inch of organic matter to your gardens and beds, work it in.

- August is the time you need to prepare the ground for your fall vegetable garden. Start loosening the soil and adding compost from your compost heap.
